Bathroom Furniture

“a dreamy private property”

Domogroup designs bathroom furniture that give you space for everything you need and smart ways to organize it all: high cabinets, mirror cabinets, shelf units, wall cabinets, bathroom stools & benches, storage units. Give yourself the opportunity to enjoy everyday life in a space that emits positive energy through its unique design and functionality.

Made of wood, made in Greece. Domogroup keeps honing its skills, its creativity... Domogroup takes advantage of all the wood features, thanks to the significant experience of its craftsmen and contributors and to its high end equipped facilities. These factors ensure Domogroup's flexibility to respond to any challenge.

An accomplished action

Skilled technical advisors analyze each case and recommend the ideal solutions.

You just have to choose your favorite - the rest is our responsibility.

Domogroup's technical department takes care of the whole procedure, each necessary step: from measuring and oversight, to work in concert with the other crews.

Domogroup's main goal is to complete everything on time and without deviation from the original order, respecting in this way your budget and desires.

The appreciation of our clients and the substantive trust of architecture and constructive offices are the best recognition for Domogroup.
