tables

Tables by Domogroup

"you can count on them"

Custom-made, refined, handmade, practical, durable: Domogroup's tables follow your functional demand and aesthetic quality. The design and constructional principles that Domogroup serves have as a result a collection of tables for every corner of your house, for interior and exterior spaces, for your office, for your company.

Made by solid wood or in combination with metal or glass, the Domogroup's tables are designed to match perfectly with the space that will be placed in.

Domogroup's design and technical department create constructions that will meet the measures of your private space and your practical needs, making everyday life easy and beautiful.

Domogroup's tradesmen examine your place and they propose the alternative solutions, ending up with the best one regarding your aesthetic, practical and financial requirements.

Made of wood, made in Greece.
Domogroup keeps honing its skills, its creativity...
Domogroup takes advantage of all the wood features, thanks to the significant experience of its craftsmen and contributors and to its high end equipped facilities.
These factors ensure Domogroup's flexibility to respond to any challenge.

An accomplished action

Skilled technical advisors analyze each case and recommend the ideal solutions.
You just have to choose your favorite - the rest is our responsibility.
Domogroup's technical department takes care of the whole procedure, each necessary step: from measuring and oversight, to work in concert with the other crews.
Domogroup's main goal is to complete everything on time and without deviation from the original order, respecting in this way your budget and desires.
The appreciation of our clients and the substantive trust of architecture and constructive offices are the best recognition for Domogroup.
